## EXPERIENCE

### ONLINE SOLUTIONS OPERATIONS • DEADPIXEL • 2010 – PRESENT

Full stack developer, create and manage client's websites, monitor website security, oversee social media interactions & analyze traffic growth for all clients that utilize my advice on SEO. I have created or repaired over 100 websites.

### DEVELOPER & CO-HOST • GAMEROAST • 2011 – 2014

Streamed a weekly show, developed apps using IoT for zero-latency feeds to our viewers with audio and video feeds traveling 3.2km apart. API-friendly chatbot created to collect data on users while they vote in real time on a video game review website.

### V.P. E-COMMERCE & DESIGN • NATURAL LIFESTYLE BRANDS, INC. • 2009 – 2010

Web marketing lead for online marketing campaigns and private label services one wholesale and two retail websites.

## EDUCATION

### 2017 • CCFE CERTIFICATIONS • MOORPARK COLLEGE

Staying up to date with standards and certifications in my fields.

### 2009 • MASTERS IN MUSIC PRODUCTION • BERKLEE COLLEGE OF MUSIC

Expanded knowledge on music theory and mastering production with audio software and hardware engineering.

### 2005 • BS IN INTERACTIVE MEDIA DESIGN • AILA

Helped in the creation of the Interactive Media Pro Team. Received best portfolio for degree graduation.
